PUBLIC NOTICE

Sub: Maintenance of Hearing Files - Reg

<<< o0o >>>

The Commission has examined the problems expressed by some counsel during hearings regarding the pagination of the case files as uploaded on the web. Because of practical problems such as variations occurring in page numbers, the Commission has decided to follow physical files as maintained by the Commission during the hearings. The parties shall either handover hardcopies of their filings, in person at the Commission's office or send them through courier simultaneously with the Online filing. The parties must follow continuous pagination maintained by the Commission for reference at the hearing. In this regard, they are permitted to coordinate with Mr. Nataraju, SCO/Law of the Commission for bringing the pagination of their files in line with the Commission's files.

(BY ORDER OF THE COMMISSION)
